GERMAN-AMERICANS HOLD CELEBRATION

Orators Predict Their Patriotism Will Be Vindicated and Spirit Appreciated.

That the real spirit of the Americans of German descent or birth will even-tually be appreciated and their patriot-ism vindicated, formed the burden of the addresses made by half a dozer orators on the occasion of the celebration of the founding of Germantown Pa., by the first German colony in America, by the United German Societies at Saengerbund Hall,314 C street ast night.

The love for America of the people of German birth or descent and the duty they owe America before every other nation was discussed, mostly in German, by the speakers, and the audlence applauded enthusiastically.

man, by the speakers, and the audience applauded enthustastically.

The celebration began with a banquet, at which "The Star-Spangled Banner" was sung by the entire absemblage. President Martin Welgand, of the United German Societies, was toastmaster, and the speakers included the Rev. Julius Hofmann, of Baltimore; Dr. Ernest Bruncken, of the Library of Congress; Dr. George Barthelme, Kurt Voelkner, and Dr. Emil Scharf.

Dr. Bruncken declared that the criticism of Germans in America was superficial, and that when the feeling had been given a chance to play itself out a real appreciation of what the Germans have done in the United States would be shown. The speakers applauded the sentiments of President Wilson in anouncing a single standard of patriotism in his D. A. R. speech. Dr. Scharf criticised the action of the Government in permitting amunition to be sold to the allies and in sanctioning the war loan. He spoke also of the attitude and sentiments of certain well-known members of Congress and Government officials as having been unfair known members of Congress and Gov-ernment officials as having been unfair

Postmaster General Approves Agreement Covering Liquids and Pastes.

Postmaster General Burleson today approved agreements under which "admissible liquids and oils, pastes, salves, and other articles easily liqueflable" may be sent by international parcel post from the United States to Dutch Guiana Hongkorg, Leeward Island, Mexico, New Zea-

and, Panama, and Sweden. The postmaster general this summer initiated negotiations to remove the prohibitions which have prevented development of large export traffic by mail in liquid articles such as by mail in liquid articles such as ink, perfumes, soap, medicinal preparations, mixed paints, oils, many prepared foods and sauces, and toilet preparations. Explosives, alcoholics, and drugs, forbidden to commerce generally, are excluded. Under the new agreement the same limitations apply which govern the shipmant of liquids in the domestic parcel post. These insure the packing of liquid articles in a way which will protect other mail from damage.

In addition to the countries covered by today's agreements convections heretofore have been negotiated with Austria. Brazil, Denmark, France, Germany, Great Britain, Italy, Norway, and other countries. Mr. Burleson is continuing efforts to negotiate such agreements with all countries having parcel post conventions with the United States.

NEW YORK, Oct. 19.—The Rev. Cyrus Brady was due to receive some warm retorts today, having told the congregation of St. Stephen's Episcopal Church that woman's desire to vote was an insult to man and to God.

Tit is an insult to man because it is an effort to usurp duties imposed on man in the scheme of creation, said the Rev. Brady, "and it is an insult to God because it is an effort to enter a sphere for which the Creator did not intend woman.

"Woman is a creature of impulse, man of judgment. This is the mental basis of the sexes. History proves it. We laugh at the nose ring, the flattened forehead, the tattooed cheek, the feathered head of the savage, No savage woman ever wore a corset, a high heel shoe, or stuck on her head the atrocities for the concoction of which you pay great prices. Can you imagine Venus so adorned? Woman must break these shackles before she should vote."

Simple Way To End Dandruff

On motion filed by McLanahan, Bur-ton & Culbertson, in behalf of Mah-lon A. Winter, Justice Siddons has is-There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when the retiring; use enough to moisten the scalp and rub it in gently with the singer tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter now much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky, and soft, and look and feel a hundred times better.—Advt. lon A. Winter, Justice Biddons has issued an order calling for the production of certain documents believed to be vital to the issue raised in a suit filed against Colonel Winter by William Henry White, trustee, for Mrs. Erminie L. Winter. This action was for the collection of a sum of money alleged to be due Mrs. Winter, from whom Mahlon A. Winter was granted a divorce January 14, 1905. The alleged indebtedness was reported at the time as unpaid allimony, but there was no allimony as an absolute divorce was granted Mr. Winter.

How She Acquired "Feminine Charm"

A nicely-dressed woman sat beside me in the train. Everyone stared at her. It was not her beauty of feature that in the train. Everyone stared at her. It was not her beauty of feature that held our eyes, nor her costume. But there was something about her face and expression—I risked it and asked: "Would you mind telling me how you keep your complexion so dazzlingly pure? Don't think me impertinent, but you seem over thirty, yet haven't a line in your face, and your cheeks are quite peachlike. How do you do it?"

Laughing, she said: "That's easy; I remove my skin. Sounds shocking, doesn't it? But listen. Instead of cosmetics I use only pure mercolized wax, procurable at any druggist's. I apply this nightly, like cold cream, washing it off mornings. This genity absorbs the soiled, weather-beaten film-skin, without pain or discomfort, thus revealing the fresh, clear underskin. Every woman has a beautiful complexion underneath, you know. Then, to ward off wrinkles I use a face bath made by dissolving powdered saxolite tone ounce in one-half pint witch havel—a harmiesa astringent which 'tones' the skin wonderfully. Very simple, isn't it?" I thought so. I'm now trying her plan and like it immensely.—Millicent Brown in The Story Teller.—Advt.
